

TELLING OUR STORY

OUR MISSION:

By cultivating leadership and partnerships, bringing resources together, and investing in our community, Middlesex United Way acts as a catalyst to achieve measurable, positive impact in education, income, health and housing.

WHAT WE DO:

WE ARE COMMUNITY PARTNERS: Middlesex United Way supports 38 of the most capable local organizations that are achieving measurable impact in the areas of education, income, health and housing.

WE KEEP THINGS LOCAL: We utilize the talents of local volunteers to help us make local decisions that benefit local people resulting in local successes.

WE ARE FUNDERS: We campaign to raise funds, and strategically disburse to the most capable and local organizations in need. Last year, our nonprofit partners used our funding to obtain \$844,301 in additional funds. This means that every dollar given last year doubled in return, leading to greater impact.
